The September 2, 2024 special meeting of the Kingsville Township Trustees was called to order by Chairman Jim Branch as a work session to discuss the Kingsville Township Street Lighting Assessment which expires at the end of year 2024. The meeting is to determine if the Street Lighting Assessment should be renewed as is or if any changes should be made. Jim presented how the Street Lighting District is created and funded. Discussion continued regarding adding lights once a year as well as costs and how to assess the costs to parcels in the Street Lighting District. Jim advised the Street Lighting Assessment rates haven't changed since 1992. Kingsville Township collects around \$15,000 a year in assessments and has been spending over \$20,000 a year. Discussion continued on how to increase assessments for residential and commercial parcels in the Street Lighting District. Mike D presented electric bills and payment history for street lighting from the last three years. The electric bills for street lighting have increased around \$600 a month since 2021.
