Fire & EMS Activities

• Due to the COVID-19 Pandemic, the fire hall has been closed to the public but we are still staffed 16 hours a day from 6am to 10pm. Staff are performing additional protocols including, cleaning vehicles, equipment, and supplies regularly. They have also worked with surrounding entities like the North Kingsville Police Department and the Kingsville Public Library helping them disinfectant their equipment and facilities.

• We have recently instituted billing for our fire calls similar to our EMS calls. This is a 'soft' billing procedure that is submitted directly to insurance. It is not a direct burden on the residents and the Township will not pursue debt collection. The billing company that performs this service takes a percentage of the payment so there is no cost to the Township for the service itself. This revenue will help fund our paid part-time staff and future equipment and facility improvements.

Road Department

New Road Superintendent, Chris Bradek, hit the ground running and has been busy with the help of Scott Burdine and Jim Evans working on projects throughout the Township including tree-trimming, ditching, right-of-way clearing, and culvert work. Here are some of the specific projects they've been working on.

- **Brydle Road ditching** - In preparation for dust control and to support better drainage in conjunction with the under-drains that were installed last year, Chris and crew have been cleaning ditches. The crew has even included Trustee, Karl Brunell on occasion, taking advantage of his CDL certification.

- **Fox Road OPWC Project** - Our road crew and Brobst Tree Service have been clearing the right-of-way on Fox Rd as part of the Ohio Public Works Commission grant we received to pave the final one-mile of the road. This is the first step in a project that will be worked on all summer and probably extend into next year.

- **Township Garage** - After receiving our occupancy approval from the county, we began sprucing up the meeting room to be open for public meetings as soon as this is possible. A new Trustee table along with some 24"x36" photos of the Kingsville area were donated to make the room more inviting.

Latest Motions & Resolutions

Date	Meeting Type	Motion Category	Motion
4/8/2020 7:00:00 PM	Regular	General Admin	Pay the bills
4/8/2020 7:00:00 PM	Regular	FireEMS	Repair exhaust on Brush Truck 604 in-house for a cost not to exceed \$100
